What is Snick’s Corner?

Snick’s Corner is a monthly newsletter that is published to provide up to date events, a breakdown of information discussed during ARH general body and other meetings as such, and to address or answer any questions and concerns that may arise. Most importantly, Snick’s corner is a way to connect with you... the reader, the students, the residents, the ARH organization and the campus community. It is to provide an opportunity for readers to voice their concerns, ideas, comments, etc, while trying to get involved with the organization.

Meet the Author

Hello, my name is Taylor “Snick” Poindexter, the author and creator of Snick’s Corner. I am the Campus Issues Coordinator for the Association of Residence Halls. One of the main points of my position is creating and maintaining a connection with not only the residents but, also with the campus community as a whole. When I created Snick's Corner, I had one goal in mind, that goal was to create something interactive, which would get everyone talking. Also at the same time readers can get involved and give them the sense that they were creating their own reading material. So, that was when Snick’s Corner was born!

How Can We Submit Material to Snick’s Corner?

Snick’s Corner needs your voice to be heard! You can do this with one easy step. Submit all material to: snicker@ksu.edu and making sure to add Snick’s Corner in the subject line. All material submitted for the following month needs to be in by the 28th of the current month. For example, if you want to submit something for November’s issue you would need to have that in by October 28th. I’m looking forward to receiving your submissions!

See you next time on the Corner!
T. Snick Poindexter
