BIKE REGISTRATION

All bicycles located at Jardine Apartments and elsewhere on campus need to be registered with Kansas State University Parking Services.

You can register your bicycle by submitting its serial number to Parking Services on their Web page:

www.k-state.edu/parking/forms/bicycle.html

Staff will tag all abandoned, unregistered and illegally parked bicycles. If a bicycle is tagged as not registered and the resident chooses to remove the tag but does NOT register the bike, the bicycle will be considered abandoned after the second tagging and will be removed without notification.
